Premium:

Delivery month:

Delivery Point:

Additional Terms:

Pricing:

- Conducted by calling the office during regular trading hours (10:30 a.m. to 2:15 p.m.).
- Beans must be priced by the last business day of month prior to the assigned CBOT month. (i.e. Jan '10 contract ends December 31 ; Mar '10 ends February 26)
- The trading month can be rolled **once** for a fee equal to the CBOT difference between the trading months + \$0.025. (Fee will be calculated at market open on the last business day prior to the assigned CBOT month).
- Prices agreed to are delivered to Hendrick AgriFoods or designated offsite facility

Storage:

- For beans stored on farm, there will be a storage payment issued to the producer of \$2/MT/month from November 1st until delivery.

Notes

Payment is subject to completion of all grower obligations (i.e. Record of Cultivation)

- For beans stored at Hendrick AgriFoodss or designated offsite facility, a grain storage receipt will be issued and there will be a storage cost charged to the producer of \$2/MT/month for unpriced beans.

Producer obligations and IP specs :

- Sign GMO-Certificate and complete Record of Cultivation (*forms provided by Hendrick AgriFoods*)
- Plant Certified seed and save tag(s) for verification
- Avoid planting the crop in a field that was used for RR soybean production or edible beans the previous year.
- Use good agronomic practices in planting and weed control of soybean fields and remove all volunteer corn, nightshade, or other crop kinds.
- Clean all planting, harvesting, transfer and storage equipment prior to use
- Stabilize harvested beans at a moisture level between 13 - 14%. Beans that need to be dried should be dried using natural aeration.
- Provide composite sample of beans stored on farm prior to delivery.
- Complete a "Clean Truck Affidavit" for each load of beans delivered. (*form provided by Hendrick AgriFoods*)
- Advise Hendrick AgriFoods of all outstanding financial obligations or liens against the delivered crop (i.e. ACC loans)

Processor obligations:

- Test each shipment for GMO contamination and asses food quality traits
- Issue payment within 10 business days of delivery of priced beans
- Issue payment within 24 hours for beans that are priced out of storage at Hendrick AgriFoods.
- Issue storage receipt for beans that are delivered and unpriced
- Deduct GFO (formerly OSGMB) fees as required
- Deduct ACC loan payments from settlements as required.

In signing this contract, the grower agrees to produce Non- GMO soybeans from Certified seed, in a manner consistent with Hendrick AgriFoodss IP program, including planting, harvesting, transferring, and storing beans separate from other varieties. It is also understood that the production from the contracted acres is destined for human consumption and that the grower will use good agronomic practices that will not hinder the ability to use the product for human consumption.

*** A copy of Hendrick AgriFoods IP Manual is available up on request.*
